

15th International Small Angle Scattering Conference 2012

18-23 November 2012

Sydney Convention and Exhibition Centre
Sydney | Australia

The 15th International Small Angle Scattering Conference 2012 will be held in Sydney, Australia in November 2012. The conference will showcase talent from the next generation of small-angle scatterers as well as highlight emerging areas of the field.

SAS 2012 will be held at the Sydney Convention & Exhibition Centre on the waterfront of the magnificent Darling Harbour precinct. This is the first time the event has been held in this region and promises to be a world-class conference for all delegates both professionally and socially.

Register online at www.sas2012.com

Abstract submission deadline closes 18 May 2012

Early Bird Registration closes 17 August 2012

Submissions are invited for the following themes:

1. Structural Biology and Protein Scattering
2. Medicine and Healthcare
3. Membranes and Bilayers
4. Polymers, Liquid Crystals and Networks
5. Complex Fluids
6. Magnetic Materials and Magnetic-induced Order
7. Metals and Metallic systems
8. Porous systems, Ceramics, Glasses and Gelation
9. Applications and Technology
10. Surfaces and Interfaces
11. Time-Resolved SAS and Non-Equilibrium Studies
12. Extreme Environments or Conditions
13. Coherent Scattering and Imaging
14. Contrast Variation Approaches
15. New Instrumentation, Techniques and Beamline Components
16. Theory, Modelling, Simulation and Standardisation
